From the Desk of...

R. Bradley Barden

General Manager, Chief Operating Officer

Dear Members,

It is our intent that all members feel like Boonsboro is their home away from home. We love it when you feel comfortable and welcomed at the club. That is as it should be. The fact is, however, that there is a fine line between being comfortable and relaxed at the club and being disrespectful of your fellow members. This month, I want to remind you about certain rules in place to ensure enjoyment of the Club for members and guests alike. Several years ago, our Golf Committee coined the phrase **"Boonsboro Respect"**! The emphasis then was about respecting the Club, the golf course and fellow members. As I gently remind you of some specific rules regarding dress code, guest policies and parking please remember, that by following these rules you will be living out the phrase **"Boonsboro Respect"**!

First of all, let's talk about **Speed Limits and Parking**. We have a very strict speed limit on the property of **"20 miles per hour"** for a reason; we have golfers of all ages crossing the main road constantly. This is all about the safety of our members and guests. Respect your fellow members by abiding by these speed limits. Parking is a topic of frequent comment. Occasionally, members park in unmarked spaces or areas marked with diagonal lines, which are areas set aside to ensure proper sight lines and traffic flow, when they are on the property. While it may be more convenient for you at the time to utilize these areas, please use only designated parking spaces. This may mean you sometimes have to walk a few extra steps, but this is a small cost to pay to help avoid hazards and to demonstrate respect for everyone else.

Secondly, **Dress Code** issues are also an area of member complaints during the summer. Country Club Casual dress code is the mode for Boonsboro most of the time. We do not require more formal attire anymore as those rules were relaxed years ago. While your comfort and club enjoyment are the goal, some basic standards do

apply. Tattered T-shirts and cut-off jeans are not Country Club attire, even when you are at the pool. As at most clubs, proper attire is required on the golf course and the tennis courts and cover ups are required when family members are away from the pool area. Please show **"Boonsboro Respect"** when it comes to your club by following our dress code.

Thirdly, **Golf and Tennis Etiquette** are another hot spot with members. Filling and repairing your divots on the fairways and repairing your ball marks on the greens are huge areas of respect for your fellow golfers, not to mention golf course conditions. Maintaining a steady pace of play can affect an entire day, if a group is playing too slow. On the tennis courts, the biggest area of complaints involves loud behavior, shouting and screaming about bad shots and crossing over into another's court. All of these things affect other members.

Lastly, when in the **Dining Rooms** please remove your hats and refrain from talking on your cell phones while you are seated next to other members. Please step outside or to a private area if you must use your cell phone.

Boonsboro Country Club is a great place. If we all try to show, **"Boonsboro Respect"**, that will help ensure that the Club can be an even better place to be this summer and all year long.

Specific details about our policies are available on our website, www.boonsborocc.com.

Best Regards,

Brad Barden, CCM

BLUE MARLINS

Calling all BST swimmers!

Calling all Blue Marlins! The summer swim season is just around the corner and we are gearing up for another great season of Summer League Swim Team. Last year we had over 100 swimmers on our roster and we hope that we can have even more join us this Summer!

Our first official practice date will be Tuesday, May 30th!
of this email. Please contact Brandon Landes brandonolandes@gmail.com for any further information.

Coaches: Patrick Frankfort will be returning for his 4th season as the head coach of our Blue Marlin swimmers and Emory McVeigh will be returning to the pool deck as an assistant coach. Will Carrington and Samantha Olmstead will also join the coaching team. If this is your family's first summer to BCC Swimming, please feel free to email our swim team chairs with any questions you may have: Jane Sorenson (sarojane2001@yahoo.com) & Eleanor Webb (etwebb@gmail.com). If you are new to Swim Team, please email Jane or Eleanor with your contact information and you will be added to the distribution list for ongoing communication.

Swimsuits. We have been informed by Riverside Runners that TYR is no longer offering a "two year" run on swimsuits. We get a new suit for 2017! We have picked out a suit that is quite similar to last year's suit blend. The Blue Marlins have the option to buy the TYR Vitrum Diamond bathing suits. Riverside Runners is once again handling our swimsuits this year. Please stop by Riverside Runners for fitting and purchase. **The deadline for ordering and receiving the team price of \$47 for female suits and \$35 for male suits is May 12, 2017.** Suits ordered after the deadline will not receive the special team pricing.

T-shirts and caps. We are working on a great new t-shirt design for this summer. You can order yours with registration, and it will be available at our first practice. Caps will be available for purchase during practices and before our first meet.

Registration Fees. \$40 for the first swimmer in a family, \$35 for each additional swimmer in a family. Participants must pay this registration fee no matter how many meets they will be able to attend during the summer. Again this summer, a swimmer must commit to swim in at least one meet if they choose to participate in swim team. (This does not include Junior Marlins).

Senior swimmers. (15-to 18-year olds) We need you and your continued commitment! If you have been a BST swimmer for 4 or more years, we want to recognize your dedication with a discounted registration fee of only \$15!

Junior Marlin Program

- Not sure if your young swimmer is ready for swim team? Consider our Junior Marlin program. The Junior Marlin Program is intended to be a fun introduction to swimming. A child who is interested should be able to swim the entire length of the pool freestyle without stopping. A Junior Marlin is registered with the LAL (full dues must be paid). Swim practice will focus on proper stroke development. Our goal is to have the Junior Marlin swimmer participate in a meet when he/she is ready. Coaches may move a swimmer to regular swim team if they decide the swimmer is ready. Keep on the lookout for our Junior Marlin dates in future emails.

John Comninaki

PGA Professional, Director of Golf

Spring is moving to summer and golf becomes more tournament focused. Four events highlight the peak golf season. The Member Guests (men's and women's, multi-day and one day), the FoxPuss and the Member Member. The season rolls out with the FoxPuss. The great tournament with the funny name. The FoxPuss honors the memory and work of Charlie (Puss) Hancock and Bunny (Fox) Blankenship. Charlie Hancock's father was one of the local businessmen whose desire for a quality golf course lead to the building of Boonsboro Country Club. Charlie Hancock served as president of the VSGA in 1969-1970 and as president of Boonsboro Country Club from 1971 to 1984. Bunny Blankenship served on the Board of Directors of Boonsboro Country Club and was the Executive Director of the VSGA from 1962 until 1972. It certainly did not hurt the tournament's early years of success due to Charlie Hancock's godson being Vinny Giles. The FoxPuss is a throwback to times when competitive golf was the core of the game and brings the top players in the state and region to play a great old golf course in Boonsboro Country Club.

The Golf Committee is bringing back the One Day Member Guest. The Committee encourages members to bring out their friends and neighbors for one day of golf and food, enjoying all the amenities of Boonsboro. This one day event is Saturday, May 13 and is open to any member of Boonsboro, male or female. The details of the event are included in the body of the newsletter.

The men's Member Guest will be June 9-10 and it will be the best Member Guest event we have ever hosted. I can say this because the tee gifts are awesome, the format is great, and the Saturday entertainment is dynamite! This event is already filling up so don't wait to sign up.

The women's Member Guest is the following Thursday, June 15 and is always a great day of golf for everyone.

Often our largest tournament of the year, the Member Member, will keep its fantastically successful format of 36 holes, with a Friday night alternate shot event, followed by dinner and team auction. Minor details remain to be worked out but the format will remain largely unchanged.

You don't have to wait for a signup sheet to be created to register for the member events. You can go to the Boonsboro Country Club website and register through the event shown on the calendar.

Congratulations to Charlie Burton who recorded an "albatross" (a 2 on a par 5) while taking a break at his Georgia retreat!

A Duel in the Sun Member Guest

30 years ago, Tom Watson and Jack Nicklaus played the final two rounds together in some of the greatest golf ever seen at the Open Championship at Turnberry. This year's Member Guest uses this historic golf to frame our Member Guest Golf Tournament. Flights will bear the names of famous Open Champions (and near champions). The Championship shootout format has changed to include an additional team, plus the shootout will have all teams competing together in the tournament finale. Thursday afternoon and evening night will feature a meet and greet night for the men, with qualifying for our special events such as "Break the Glass", putting and long drive competitions. The match around format will remain, with all matches played in a better ball of two competition. Food stations and beverage stations will make play more enjoyable during Friday's three matches. Following the Championship Playoff on Saturday, a great evening of food and cocktails will be enjoyed by all the players and their dates. Entertainment will be fun and interactive with Dueling Piano's centered in the main ballroom.

Schedule of Events

Thursday, June 8 Practice round and/or 9 Hole Par three alternate shot with flights paired together. Followed by food and beverage (participants only) and Break the Glass, Putting Contest and Long Drive Contest.

Friday, June 9 Matches 1-2-3. Food/beverage stations on the golf course while playing. There are no Friday evening functions scheduled for the tournament.

Saturday, June 10 Match 4 followed by lunch, Match 5 followed by the Championship playoff. Saturday night, Member Guest reception and awards followed by entertainment with "Dueling Pianos".

This event will close registration when we reach 48 teams. Following the close of registration, teams will be waitlisted and permitted entry only if another full flight can be added.

HANDICAPPING: A GOOD WALK

SPOILED OR "WHAT THE *^%

^&\$\$@\$^%"

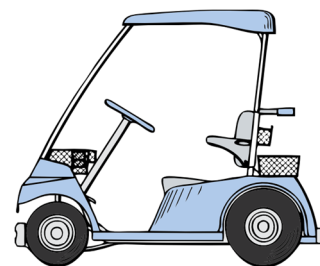

In the first two installments I informed the readers what the goal of the USGA handicap system was and how it should be implemented when posting scores. A frequent misconception is the handicap index. Here's a straight forward explanation.

- * A Handicap Index compares a player's scoring ability to the scoring ability of a scratch golfer on a course of standard difficulty.
- * Your index is derived from taking the average of the best 10 of 20 differential scores (relative to course/tee difficulty) and then multiplying that average by .96.
- * So your index reflects your potential (and not your average score or ability).
- * When you play, your index is not your course handicap. Your index is first converted to a course handicap based on the course's slope from the tees you play from.
- * Wondering what the slope rating is? It's the playing difficulty of a course for players who are not scratch golfers. The higher the slope, the more difficult the course for most of us.

Online, here is a simple course handicap calculator based on your index and the slope of the course/tees you're playing. <http://www.usga.org/course-handicap-calculator.html>

The clearest example I can give is to take a player with a handicap index of 10.0 who played the old Oakwood golf course and then travels to Palm Springs, California to play PGA West from the "tips". Playing the shorter Oakwood with a slope of 99, the player's course handicap would be 9. (The course handicap formula is player index (10.0) x slope (99), divided by 113 (USGA medium course difficulty) = course handicap or 8.7, round up from .5 on to a 9. Now the same player travels to PGA West and plays from the black tees with a 146 slope. Now the player calculates his course handicap, $10.0 \times 146 = 1460$ and then divided by $113 = 12.92$ or 13 Course Handicap. So the concept behind the Slope System is that not all courses are created equal and the handicaps adjust on the difficulty of the golf course being played.

On a side note, when playing at an unfamiliar golf course, the course rating will give you an idea of the difficulty of the golf course in general and the slope rating will be an indication of the amount of trouble to be found for the higher handicapper. A moderate course rating with a high slope number means there is plenty of water, bunkers, OB's, and other obstacles that may be more challenging for a less skilled player.

JUNIOR GOLF PROGRAM

Our Goal

Boonsboro has a history of developing outstanding players and individuals from its junior golf program and this year we are looking to get even more of Boonsboro juniors excited about golf.

Learning to Play by Playing to Learn

Our junior instructors are certified by US Kids Golf, the leading advocate for junior golf in the world. We use programs endorsed by US Kids Golf to make the game fun first by using fast paced games that juniors will enjoy while helping to develop the movement patterns that will give them the skills to consistently launch the ball into the air in the future.

Boonsboro Junior Golf Association

This promises to be a great season for junior golf at Boonsboro Country Club! The annual fee for membership in the BJGA is \$35.00 per child and \$15.00 for each additional child. Membership allows a child to receive one free range bucket a day and to ride in a golf cart for free when a parent plays golf.

BJGA membership is not required to participate in any of our scheduled golf activities and all children are eligible for one free bucket of range balls per day. The dress code applies for all areas of the golf operation.

Family Tees - A Scaled Golf Course

Boonsboro has created the Family Tees. This creates a "scaled" golf course. This means that the lengths of the holes are scaled based on how far the player can hit their driver. This gives the individual the opportunity to play a golf course with the same clubs and shots as an expert player, helping to make the game more fun and creating success sooner. The scaled golf course will have tees for players who can hit their driver up to 100 yards and tees for players who can hit their driver up to 140 yards. Scorecards will be provided from the golf shop.

Junior Dates for Drop In Sessions

Each Tuesday and Friday, beginning March 17th there will be a Drop in Session for all ages. The Sessions will be one hour long. Space is very limited on our practice areas so it is critical that we know how many will be attending each session. Please call by noon to let us know your child/children will be attending.

Tuesday Session Dates (Little Links All Ages)

Do you want to have some fun! Do you enjoy competition in a relaxed non-threatening environment? Would you like to be part of a team? Then come be a part of something new and exciting! The PGA Junior Golf League. The Boonsboro Country Club team is looking for 10-12 players to represent the club against other clubs from the Lynchburg area. Upon the conclusion of league play an All-Star team will be selected from the area teams with a chance to play for the state, regional and national championship! The cost for each junior to participate on the BCC team is \$165 that includes: all practice sessions, matches, team shirts, and hats, sleeves of golf balls, bag tag and a club team web page for results etc. Please contact your PGA professionals, John Comninaki, David Phillips or Joseph Bailey in the Golf Shop for any questions or to register at pgajlg.com. Behind the Greens

Steve Vessells

Greens Superintendent

Our Golf schedule of events really heats up in May and June. Both the nine hole and 18 hole BWGA groups are in full swing. The Men's Senior Groups are playing on a regular basis, Junior golfers come out in larger numbers and membership play takes off as well. Longer days and better weather bring more golfers to the golf course in these months.

The Fox Puss Invitational and Member Guest events for men and women highlight the major events. We also have a few charitable events in May and June, so be sure to stay abreast of events and plan accordingly. It is always a good idea to read your emails from the golf shop and call ahead of time to make sure there are no conflicts when you want to play.

The golf course itself comes into better form in May and June. The greens will be healed from our March aerification and the ryegrass in the fairways will be at its best. The rough can really take off this time of year as well. It can put a premium on keeping your ball in the fairway. We have a new rough mower this year that sure help us significantly in our battle to keep it cut this time of year.

In an effort to step up our maintenance practices on the greens this year you could see us top-dress the greens more often. The practice of lightly topdressing or dusting, the greens will help with ball roll and help firm up the putting surfaces. When we do this, it will be in the afternoons on sunny days. A very light topdressing will be followed with a light irrigation or dragging in. Hopefully, most golfers won't notice when this is done and if we can follow our program through the summer, it should help firm up the greens.
